

Dear PRISM User:

The Precision Solutions Group is once again sponsoring the PRISM User Group Meeting. Based on input we've gathered from several PRISM users, the meeting will be held on Sunday October 14th through Tuesday October 16th in Las Vegas. Please save this date as your meeting will be most successful and valuable if every company using PRISM sends representatives. Details will follow by snail mail and email.

The PRISM User Group Meeting is your meeting and we need your input to ensure we maximize its value. We are looking for a few more individuals to join the PRISM Meeting Steering Group and help us plan and coordinate the meeting especially for such items as agenda and speakers. Please volunteer by replying to this email or calling me at (877) 677-5776 Ext 918.

[Click here to forward this email to others you believe would be interested in attending.](#)

See you in Las Vegas!

Jackie Tardif
